INVITATION

GREEN TECHNOLOGY ROADSHOW

Tuesday 27th March 10am – 3pm

Merrist Wood College • Worplesdon • Guildford • Surrey GU3 3PE

Thursday 29th March 10am – 3pm

Edge Hill University • St Helens Road • Ormskirk • Lancashire L39 4QP

Previous Road shows we've held have been highly successful and extremely well attended.

Commercial end users really take advantage of the opportunity to try the machines for themselves and gain first-hand knowledge.

They can gain advice from our experienced staff and, if required, arrange follow-up demonstrations.

A full range of Pellenc products and environmentally friendly Etesia Bahia M2E, ETMowers and 124 Bio Diesel can be seen on each day.
