

Seeing is believing

The new Etesia Scarifier

MSC45

The Etesia Scarifier with knives was developed for a dual purpose role on your lawns: moss and plant debris removal and weed destruction.

The essential tool for a clean and more resistant lawn.

FEATURES:

- Curved hand grips for operator comfort
- Versatile: scarify and moss remover
- Work unit quickly interchangeable (no tools required)
- Spring tine unit as option
- Split resistant rear deflector
- Continuous depth adjustment
- Throttle lever with work position and slow position
- Roller bearing wheels
- Thanks to its interchangeable reels, the scarifier is the perfect rental tool
